

Danish Daybed Frame. 1960s. Oak

1 100 EUR

Period : 20th century

Condition : Bon état

Material : Solid wood

Length : 194 cm

Width : 74 cm

Height : 35 cm

Description

A fine example of Danish modernist design, this solid oak daybed is truly reminiscent of the work of Børge Mogensen. Its rational design, use of natural materials, and the meticulous joinery typical of high-quality cabinetmaking all contribute to its appeal. The overall effect is one of both comfort and functionality. Designed in the 1960s, this daybed features a simple and elegant solid oak frame, heavily influenced by the Shaker style. This daybed is available without a seat mattress, allowing you to personalize it to your taste. If you wish, we can advise you on the most suitable shape and size and recommend a skilled craftsman to create a mattress and headrest upholstered in the fabric or leather of your choice.
