Description

Art Deco Dining Table in Macassar Ebony. This superb Art Deco dining table is crafted from Macassar ebony, a noble wood with an elegant and distinctive grain. It features two extensions, also veneered in Macassar ebony, each measuring 0.50 m, allowing it to reach an exceptional length. Once extended, the table comfortably seats up to 12 guests. The lyre-shaped base, resting on a "moustache" plinth, is typical of 1930s designs and lends the table a refined and sculptural appearance. The table can be disassembled into two parts (top and base), facilitating transport and setup.
