

Solid Walnut étagère Dating From The Late 19th Century

600 EUR

Period : 19th century

Condition : Très bon état

Material : Walnut

Width : 50

Height : 117

Depth : 30

Description

Elegant solid walnut étagère dating from the late 19th century, featuring fine handcrafted details. Its slender structure includes five shaped shelves with graceful curves, supported by turned columns and enhanced by carved scroll elements on the upper section. The quality of the wood and its warm patina give this piece an authentic, timeless charm, making it ideal for both classic and eclectic interiors. Fitted with original castors for easy movement, it combines practicality with refined elegance. Perfect as a bookcase, display stand, or decorative accent piece to showcase treasured objects.
