### Description

Charming oval mirror in the Louis XVI style, crafted from finely carved and gilded wood, adorned at the top with an elegant ribboned bow, typical of the neoclassical decorative repertoire. The frame features delicate beaded frieze work and raised floral motifs, demonstrating meticulous decorative craftsmanship. The mirror is fitted with cut-edge glass, creating subtle plays of light and enhancing its decorative character. A minor imperfection is present: a small chip at the bow (visible in the photographs), which does not detract from the overall aesthetic of the piece. This decorative mirror will integrate perfectly into a classic interior, or provide a striking contrast in a contemporary setting. Specifications:
