

Large Oval Planter In English Earthenware, Late 19th Century

550 EUR

Period : 19th century

Condition : Très bon état

Material : Earthenware

Description

A substantial oval English earthenware planter dating from the late 19th century, resting on four feet and featuring two elegantly shaped side handles. The piece is decorated with a rich polychrome design in the Neoclassical style, composed of stylized motifs, garlands, and repeating ornaments in shades of blue, red, and ochre. The interior retains its original metal (zinc/copper) liner, confirming its use as a planter. Dimensions: 51 x 30 x 18 cm
