### Description

? Vintage Strafor Steelcase 421 Chair - Chrome & Plum Fabric ? Stunning vintage Strafor Steelcase chair, model 421, dating from 1989 (original label visible). A classic of late 20th-century office furniture, it is both robust and comfortable, and perfectly in tune with the times thanks to its clean design. Its chrome-plated steel frame gives it a light and graphic silhouette, typical of the modernist lines of the 70s and 80s. The sled base provides both stability and elegance, while offering a slight flex that is very pleasant to use. The seat and backrest are upholstered in their original warm and textured plum-colored fabric. The slightly enveloping shape of the backrest ensures good support, while the wide seat (53 cm) makes it particularly comfortable, much more so than most modern
