Description

A pretty chest or cabinet key; it was very important not to lose it, so it was chained with two wrought iron links, securely attached to a wooden pear-shaped weight. Key is both practical and attractive, dating from Louis XIV or Regence period, with its open-ended bit... Thanks to pear-shaped handle, the key wasn't lost; now it's the piece of furniture that's missing... As found, numerous wormholes (which I have treated) and scars on wood. Total length: 25cm, key: 7.5cm, pear-shaped handle diameter: 7.5cm, weight: 300g. Available for immediate purchase, payable by credit card or PayPal. - eclectic - We are not experts, but we have been in the business for over 50 years. Hassle-free refund if you are not satisfied.
