Sculpture, Child Hercules, 17th Century - 10.5 Cm - Gilded Bronze

1 500 EUR

Period : 17th century

Condition : Très bon état

Material : Bronze

Description

A 17th-century bronze sculpture of the infant Hercules, finely chased and gilded. He is depicted standing, holding his club over his right shoulder and covered by the skin of the Nemean lion. He is in a contrapposto pose, one hand resting on his hip. The finely chased and gilded bronze sculpture is presented on a stained wooden base with a cyma molding. Height: 10.5 cm
