Description

- Bronze. Signed on the base. Edition 6/12 (Adam) and 7/12 (Eve). Marked "Valsuani". - These bronze reductions of Rodin, cast by the legendary Valsuani foundry, embody the pinnacle of artisanal craftsmanship, where the power of the modeling meets the subtlety of the patina. By using the casting process from the original molds, Valsuani has preserved the raw energy and visceral vibrancy of the master's works, while imbuing them with a new intimacy through the change of scale. The precision of the lost-wax casting, the house's signature technique, allows for the reproduction of every fingerprint, every muscular tension, transforming these small bronzes into veritable distillations of pure emotion. These pieces are not mere replicas, but vibrant tributes to Rodin's modernity, magnified
