Description

Art Deco glass multilayer vase with a yellow marbled effect in the style of Delatte NancyCreation of the French glassblowing workshops of the Art Deco period (1910-1939), this yellow multilayer glass vase with a marble effect. Although not signed, his style is similar to glass vases from the glass workshops of André Delatte in Nancy.The Art Deco period is a pioneer of design in the 20th century, objects abandon their arabesques and organics to adopt pure sophisticated geometry, with nature as its theme.This vase is inspired by nature, the flamboyance of a mottled yellow marble is born in the glass and takes the shape of this soliflore vase of a consequent and stable size, perfect to maintain a beautiful bouquet within this extraordinary vase by its shape, size and rare
