

Pair Of Louis XVI Period Cabriolet Chair Sockets

750 EUR

Period : 18th century

Condition : Bon état

Material : Painted wood

Width : 57

Height : 87

Description

An elegant pair of Louis XVI period cabriolet armchair frames, crafted from finely carved wood and painted in a delicate shade of gray, enhanced with salmon pink. The "gendarme's hat" shaped backs, richly adorned with plumes, perfectly illustrate the decorative refinement of the late 18th century. The curved armrests rest on carved supports, while the tapered and fluted legs, characteristic of the Louis XVI style, lend lightness and balance to the silhouette. These frames, ready for upholstery, offer a high-quality base for restoration or a contemporary reinterpretation. The pair is presented in good condition, with a sound and stable structure. A pair full of character, ideal for an upholstery project or to enrich a classic or eclectic interior.
