### Description

Jumo lamp Circa 1940. Bakelite, copper, chromium plated metal. Excellent condition. No cracks. No repairs. Works fine. 7.25"w x 10.75"d x 20". THIS LAMP IS THE ORIGINAL ONE. NOT A REPRO. For the first half of the 20th century, the French created the most avant-garde lights available, partly owing to the efforts of the Jumo firm. This streamlined desk lamp is a great example of the Machine Age and includes a pivoting shade that folds into the bakelite base. The shade can be angled in several directions and also can fold down into the base.
