Description

A beautiful lamp formed from an 18th-century French bronze candlestick, converted into a lamp. It has its parchment lampshade made in our workshop. A very elegant candlestick from the early 18th century. A large and uncommon model. The candlestick has been electrified by us, and we crafted the lampshade in our own workshop. In perfect condition. We would be willing to sell it without the lampshade. Delivery available in Belgium, France, and internationally. Viewable in our 2500m² showroom at 41 Rue Henri Wafelaerts, 1060 Brussels, Belgium. More information and photos available upon request.
