

Tahitian Pearl Necklace, 9.5-10 Mm In Diameter. White Gold Clasp.

2 900 EUR

Period : 20th century

Condition : Bon état

Material : Pearl

Description

A stunning necklace composed of Tahitian pearls, approximately 9.5 to 10 mm in diameter, selected for their deep luster and delicately iridescent hues. Their satiny sheen and reflections in shades of gray, green, or slightly aubergine lend the piece a mysterious and sophisticated elegance. The discreet yet secure white gold clasp completes this jewel with understated refinement. A timeless necklace, a symbol of distinction and modernity, ideal for elegantly enhancing any silhouette.
