

## European Cymbalum

600 EUR

Period : 20th century

Condition : Très bon état

### Description

In its trapezoidal wooden case. Equipped with 12 bridges supporting the strings, which are tensioned by 58 pegs. The metal strings are old, and some are missing. Large width 106cm, small width 53cm. Weight 9.5kg. This cymbalom shares many similarities with its historical counterpart, as it lacks feet and a mute pedal, and has fewer strings than more modern instruments, which can have up to 125 strings. Includes accessories: tuning key and wooden playing hammers.  
Condition: very good playing condition, with some cosmetic imperfections.
