### Description

COD 11531 English naval chest of drawers from the mid-20th century. Antique-style furniture reminiscent of the antique furnishings of 19th-century English ships. Small chest of drawers with decorative details, concealed front handles, and brass side handles (see photo). A discreetly sized wooden top and a centrally decorated service drawer. The upper section features two smaller parallel drawers and a central open compartment. The lower section features two spacious drawers. This small commode is veneered in mahogany and stands on four sturdy wooden feet. It can be easily placed in various locations around the home, it's a piece of furniture for antique dealers and interior decorators. In good condition. As each of our products it will be accompanied by a certificate of
