column-like into the height,
which lends him a classical character, further
enhanced by the standing
and supporting leg motif. With the coat
unbuttoned at the top, the
closed form opens up, creating a bust-like effect
that presents the head
in a distinctive way and repeatedly draws the
gaze to Goethe's face.

Precisely because the coat forms a large, smooth
surface, the
physiognomy of the face--elaborated down to the
finest detail--stands out
particularly well. With wide-open eyes and a
high, thoughtful brow,
Goethe gazes into the richness of a literary
cosmos.
