Description

Adorned with delicate and original motifs, this bedside lamp possesses a captivating charm with its antique, matching fringed lampshade; a repurposed covered pot mounted on a bronze base at the end of the 19th century. A small, high-quality lamp in good condition, original yet classic, its bulbous body and hat-like lid are beautifully decorated with a multitude of skillfully executed floral motifs. A delightful little bedroom lamp, it exudes a charm from another era. The lampshade and body together form a decorative piece and a very pleasing source of light.
