420 EUR

Period : 20th century

Condition : Très bon état

Material : Crystal

### Description

Pair of "Epron" model decanters. These belong to Baccarat's high-end collection, featuring pine cone stoppers. They appear in the 1907 Baccarat Tableware catalog and later acquired the name Epron (reappearing under this name in the 1933 catalog). Our decanters do not bear the Baccarat signature (they were produced before 1936, the year the crystalworks began acid-etching its mark onto its products). They are in very good condition, 32 cm high, 39 cm with stoppers.
