Description

A retro ring with a setting formed by a wide openwork basket decorated with two arabesque motifs around its entire circumference, holding a step-cut aquamarine with four long prongs. The band is openwork at its base. Period: 20th century. Main material: 18k rose gold (750/1000), owl hallmark. Total weight of the aquamarine: approximately 29 carats. Proportions: Height: approximately 21 mm, width: approximately 17 mm, thickness: approximately 13 mm, band width at the base: approximately 2.3 mm. Net weight: approximately 12.7 g. Authentic vintage jewelry - work from the 1960s. Our opinion: A substantial aquamarine ring, a worthy successor to the cocktail rings of that era. Resizing is possible; please contact us.
