1 500 EUR

Period : 18th century
Condition : Très bon état
Material : Stone
Length : 97 cm
Width : 60 cm
Height : 35 cm
Depth : 25 cm

Description

Antique Belgian bluestone fountain basin. It was placed next to a hand pump but had long served as a flower planter. The sealed ring in its center back shows that it was also used as an animal trough for a long time. Two sides and one corner are bush-hammered, while the other two are unfinished as they were against a wall.
Worldwide shipping available.
