

Large Ornamental Brooch In Gold-tone Metal

600 EUR

Period : 20th century

Condition : Très bon état

Material : Metal

Description

Brooch made of intertwined gold-plated metal wire, the center of which is adorned with rough-cut white imitation stones. The clasp is a safety pin. Period: 20th century. Main material: gold-plated metal. Proportions: Height: approximately 10.5 cm, width: approximately 10 cm, thickness: approximately 8 mm. Net weight: approximately 18.4 g. Authentic antique jewelry - work from the 1970s. Our opinion: With its substantial size and light weight, this brooch will beautifully adorn a jacket or headpiece.
