Description

Late 19th-century Folding "sail" Table In Walnut
Elegant late 19th-century folding "sail-style" table crafted in solid walnut with a beautiful natural grain. The hinged top folds vertically to reduce space when not in use, making it an excellent side table or decorative accent for both classic and modern interiors.

The table stands on sabre-shaped legs, characteristic of the period--graceful, stable, and well proportioned. The original patina and wax finish give the piece authentic charm and strong visual appeal.

Condition: very good for its age; stable and ready to use. Light signs of wear consistent with its history.

Perfect for an entryway, living room, or study. A genuine antique piece with timeless character.
