### Description

Remarkably presented in a 19th-century wooden frame adorned with brass, this fine Greek icon with its beautiful glaze on a thick panel depicts Saint Nicholas the Thaumaturgist seated on his throne and wearing his tiara, brandishing his crosier. Impressive and regal in a gilded niche, seated on his opulent seat in majesty, surrounded by a background adorned with Baroque foliage, this fine icon with a certain history is still very much present, with its rich colors and incomparable glaze of time; A collector's item from a German connoisseur of fine pieces. A worthwhile curiosity at a well-considered price.
