Description

Remarkable and fine little daytime marine from the 19th century, specialized in this field by the painter "Jublin" (in the National Museums), who knew how to translate an atmosphere in the lovely light of a late day on a busy coastline, a confirmed and appreciated Artist in the 19th century for his quality and his subjects, including the seascapes that were his favorite subjects; a work on oak panel painted with great detail from a well-prepared painting panelFishermen are busy in a large boat with its sails lowered, and a small boat joins it in a twilight halo of light from a waning sun, the horizon animated by boats in action, all sails out, on the right we see the fine coastline of fishing villages against the light, their silhouettes detached on the waves with their dark reflections, presented in its beautiful stuccoed
