Description

Elegant bouillotte lamp in bronze, 20th century, designed in the taste of early 19th-century Empire style. The finely cast base features confronted dolphins, a motif emblematic of the neoclassical repertoire. The two light arms are well-balanced, forming a harmonious composition typical of traditional bouillotte models. The adjustable toile shade is hand-painted with delicate ribbon and foliate garland motifs inspired by the Louis XVI decorative vocabulary. Its deep green tone, enhanced with gilt lines, beautifully highlights the warmth of the bronze. A refined and decorative piece, ideal for a desk, side table or console. Dimensions: Height: 49 cm Width: 33 cm Depth: 26 cm Condition: Good overall condition.
