## Description

Pair of 19th century gilt bronze mounted Canton vases - character decor, China & Napoleon IIISuperb pair of 19th-century Canton porcelain vases, with richly polychrome decoration in vivid tones on a turquoise background, typical of Chinese export production.Each vase is adorned with figurative reserves depicting palace scenes with figures, surrounded by an abundant decoration of flowers, birds and finely executed foliage. The raised chimera handles add sculptural character and enhance the overall elegance.The vases are mounted on beautiful Napoleon III-period gilt bronze bases, finely chased with classical motifs (friezes, palmettes, foliage). This combination of Chinese workmanship and 19th-century French taste perfectly illustrates the attraction for the Far East
