Description

Thermoformed translucent lucite with flowing, sculptural wavy contours. Central compartment surrounded by four symmetrical peripheral compartments. Beautiful, slightly water-green coloring effect on the slices. Typical Space Age design by Pietro Chiesi for Guzzini. Very good condition. Height: 22 cm. Width: 20.5 cm. Depth: 20.5 cm.This "handkerchief" vase by Pietro Chiesi differs from the "Tissue" vase by Luigi Massoni, also for Guzzini at the same period, by its greater height (by 6 cm) due to the raised outside sides of the four peripheral compartments, accentuating the elegance and lightness of our "handkerchief" vase.
