

Curiosity - Collector's Cane Entirely Sheathed In Braided Wire - Circa 1900

260 EUR

Period : 20th century

Condition : Bon état

Material : Other

Length : 95 cm

Description

Rare and astonishing cane composed of a metal rod covered with a braid of metal wires in three harmoniously blended colors. This supple cane has a slight curve. The remarkably fine braiding is preserved. It measures 37,40 inches in length. Dating from the 1900.
