### Description

Small curved chest of drawers with two drawers in burr walnut veneer, late 18th century (circa 1770). Dutch work for the English market. Height 77 cm / Width 79 cm / Depth 52 cm Delivery offered to Paris and Paris region. Otherwise, we work with trusted carriers for Europe and International. Please contact us for a quote. This piece of furniture bears witness to the refinement and craftsmanship of cabinetmakers in the United Provinces. Intended for storing linen or precious objects, it combines elegance and functionality thanks to its curved drawers and precious wood veneer. Produced for export, it reflects the adaptation of Dutch craftsmen to the influential British taste of the 18th century. This piece of furniture thus illustrates the commercial and stylistic exchanges between Holland and England
