

## Silver-plated Natural Turquoise Chips Necklace, 1970s-1990s

220 EUR

Period : 20th century

Condition : Très bon état

Material : Semi precious stone

Length : 53

Diameter : 1

### Description

Vintage natural turquoise necklace, 1970s to 1990s, Navajo style, composed of irregular falling chips offering a lovely gradation of volume and an organic look. Mounted on fine steel cable with unpunched silver-tone metal elements and hook clasp. Made in the American Southwest. Total length 53cm, chip dimensions from 6mm to 1.5cm approx. Very good overall condition, note slight wear on the locking beads near the clasp. Approx. 56gr.
