Description

Set of 10 superb glazed ceramic plates, each depicting a different landscape in shades of blue, green and yellow. The ceramist Wertel was originally from Alsace, but in the 60's he settled in Saint Hyppolyte du Fort in the Cevennes, and opened a ceramics workshop. Each plate features a different decoration, they are veritable little paintings, inspired by the landscapes of the Cevennes. The quality of the glaze, the enameling, the beauty of the colors on a small cracked background makes you hesitate to use them or hang them up like little works of art. Signature "D. Wertel" under each plate. Careful shipping worldwide
