### Description

Beautiful fruit bowl in purplish-pink pâte de verre, set in an attractive wrought-iron frame with an Art-Deco patina, a quality piece by schneider or muller, unsigned. The garland of flowering foliage adds decorative interest to this well-preserved piece as a centerpiece. Generous in its beautiful colors, this fine piece from the "30's" has everything to seduce, both in terms of the quality of its mounting and that of the thick glass paste of which it is composed; the wrought iron is meticulous and the remarkable glass paste is flattered by such a mounting... A decorative piece of integrity and great appeal...
