

## 1 St Empire Light Cavalry Officer's Saber

2 250 EUR

Period : 19th century

Condition : Etat d'usage

### Description

Cavalry officer's saber, single-branch hilt decorated with openwork fluting with a step at the top. Quillon terminated by a palmette knob; palmette-decorated half-orillons. Lion-headed calotte. Spindle in squared fruitwood. Flat-backed curved blade with engraving remains on the first third. Brass scabbard partly chased with spider webs and ornaments reminiscent of the General Staff, two bracelets with brass rings; brass stinger. Note that the wooden scales are still present, which may explain the oxidation on the blade. Blade length 83.5 cm Total length 104 cm
