

Chinese Table Screen In Carved Wood, Feather Marquetry Decoration On Silk

250 EUR

Period : 20th century

Condition : Bon état

Material : Silk

Width : 45

Height : 66

Depth : 26

Description

Chinese-inspired tabletop screen in solid openwork wood, resting on a worked base. The structure features traditional motifs with geometric and curved lines. The central panel is adorned with a figurative scene created in bird feather marquetry on a silk background, depicting two birds in motion among fine branches. The feather work creates natural variations in hue and texture. A decorative tabletop object, which can be used as a visual divider or as an ornamental piece on a piece of furniture. Dimensions: Width 45 cm Height 66 cm Depth 26 cm
