Turkey and Iran. This pattern is also found with great similarity in many Caucasian carpets from different ethnic groups and regions. This makes it difficult to identify certain Caucasian carpets that are referred to under the generic term Kazak. Note the extraordinary shades of wool dyed in bands across the width, in brick and bronze greens, proof of a handmade carpet and ancestral craftsmanship. The shades used bring us closer to the aforementioned region, as brick, bronze green and terracotta are nuances found in the tradition of all Kazak territories. A well-worked, highly decorative piece in very fine condition and of rare chromatic quality. Dimensions : Width 141 cm (55") x length : 347 cm (136") FREE SHIPPING FOR FRANCE as for all our rugs !
