### Description

Superb vintage bookcase with a modernist design, elegantly combining the warmth of wood and the rigor of black lacquered metal. A piece with assertive character, ideal for sublimating a contemporary, loft or bourgeois chic interior. Its airy, perfectly proportioned architecture recalls the main lines of 60s-70s design, with a search for balance between functionality and aestheticism. Fine, graphic black metal structure. Wood elements in a warm hue (teak veneer). Central module with sliding glass doors. Open shelves for books or decorative objects. Lower section closed by sliding doors. Slender legs with adjustable gilded metal end caps. Elegant, timeless line. Modular and functional furniture. Perfect balance between closed storage and display. Ideal for living room,

office or gallery Very fine vintage condition, with light patina in keeping with its age, which gives it all its charm. A piece that structures a space in its own right. It immediately adds cachet, whether in a minimalist or more classic interior. Its chic, understated style makes it a lasting decorative investment.
