#### Description

Landscape depicting dunes presumably in Belgium. This is an oil on canvas, in need of minor restoration. (A few minor misses and scratches, and a good cleaning) nothing very important but I'll specify. The canvas is marouflaged on a wooden panel. Victor De Gronckel was a Belgian artist born in 1820 and died in 1890. He is known for his portraits, genre scenes and also religious scenes and Icons which he produced during his residence in the Russian Empire. He won a gold medal at the Salonde Bruxelles in 1866. His works are notably conserved at the Hermitage Museum in Saint Petersburg and at the Kuopio Museum in Finland. Our painting is a standard format of 33 cm x 24 cm, i.e. a 4 F. It is presented in an attractive 19th century frame, gilded. Dimensions
