280 EUR

Period : 19th century

Condition : Parfait état

Material : Enamel

Diameter : 12 cm

Height : 35 cm

### Description

A very pretty tube vase from the manufacture of Legras de Saint Denis. With a collared collection, it is made of ribbed glass in a light shade tending towards yellow. Its poppy-poppy enamelled decoration offers a fine example of the Art Nouveau spirit, which can therefore be dated to the late 19th or very early 20th century.
