### Description

Grand Coffre En Noyer à Façade Architecturée Du XVIII Eme Siècle. Elegant walnut chest with floral and architectural carved front dating from the first half of the XVIII eme century. it is large and offers a very nice storage space. The front and sides are beautifully worked and carved with geometric arcatures and acanthus leaves. it rests on claw feet, simulated lion's paws reminiscent of Italian cassones. it is solid walnut and even the original back is walnut from a single rough plank at the rear. a movable cleat allows it to be left open. the lock and key are old but have been changed over time. small use and maintenance restoration without incidence. preventive xylophene treatment. beautiful blond walnut patina. a very beautiful and decorative storage chest. dimensions: 138 cm long by 59 cm deep and
