

Fancy Turquoise And Rhinestone Brooch - 20th Century

60 EUR

Period : 20th century

Condition : Très bon état

Description

Charming vintage brooch in gilded metal, adorned with marble-effect turquoise cabochons, sublimated by an elegant surround of faceted glass rhinestones in shades of blue. The well-balanced composition forms a particularly decorative stylized floral motif, typical of the fantasy creations of the second half of the 20th century. The contrast between the opaque cabochons and the sparkle of the rhinestones lends relief and luminosity to the whole. A jewel with character, ideal for accessorizing a jacket, coat or stole. - Period: 20th century - Materials: gilded metal, glass (rhinestones), turquoise cabochons - Condition: very good (slight traces of use possible) Fast, careful dispatch
