Description

Important carved mahogany sofa, Naples, 19th centuryRemarkable finely carved solid mahogany sofa of Neapolitan provenance, dating from the 19th century, powerfully illustrating Italian taste for furniture that is both architectural and ornamental.This model is distinguished by its imposing, perfectly balanced structure, resting on sculpted armrests in the form of stylized sphinxes, elegantly blending animal and plant elements. The particularly spectacular arm brackets feature powerful heads surmounted by deeply carved foliage, ending in highly expressive clawed paws. This decorative vocabulary, inspired by Antiquity and late Baroque, is characteristic of 19th-century Neapolitan production.Small restorations and wear and tear.
