Literature

As noted by Italian art historian Giuseppe Beretti (G. Beretti, *Il Mobile dei Lumi*, Milan, 2010, p. 72), this is one of the few examples of lacquered furniture produced in Milan in the last quarter of the 18th century. The scrolled foot resting on a raised base is typically Milanese and is found on a similar painted chair, photographed in the Sala dell'Olimpo in Palazzo Attendolo Bolognini.
