Description

"Marquise" ring in 750/°° white gold (18 KT, eagle-head hallmark). Originally styled, the ring's openwork body and descended claws around the rim offer refined workmanship. It is nonetheless adorned with a pavement of thoroughly modern brilliant-cut diamonds, giving it a beautiful luminosity, including a larger center stone. These diamonds are grain-set, while the perimeter claws create a delicate, airy scalloped effect. This rendering accentuates the femininity provided by its marquise shape. Total diamond weight estimated for approximately 1.80 carats. Of which 0.32 carat center estimated. Gross weight: 6.43 g. Finger size: 48 - can be modified at your convenience by our workshop, sizing offered (current diameter 1.50 cm / US size 4 3/4). Condition: slight scratches on the ring body,
