### Description

Charming Louis XVI style sideboard, opening in front with two leaves, resting on tapered and fluted legs finished with gilt bronze sabots. The structure is in finely-worked mahogany or fruitwood veneer, framing superb black lacquer panels with Japonism-inspired gilded decoration depicting a lively landscape of birds and flowering branches, in the spirit of Far Eastern productions adapted to 19th-century European taste. The front is adorned with lacquered fillets and frames, underlined by finely chased gilded bronzes (falls, sabots, keyhole entry). The top is in veined grey marble, bringing elegance and contrast. The interior, sober and functional, uncovers solid wood shelves.????
