Description

Original and elegant caricature showing a scene from life by Juan SINTES. After living in Paris, this famous Spanish illustrator moved to Egypt in the early 1900s to teach drawing. Specialized in political and social caricature, he worked for AL-Kashkoul and l'Éggypte nouvelle where he produced satirical portraits and political figures. As for this caricature, we see a scene from everyday life where a convoy pulling a cart blocks a tram ahead of the passing passengers. The whole is treated in a humorous way, which is for the avant-garde era. The colors are bright and luminous, signed at the bottom right and presented in a high-quality frame. Original set and in excellent condition.
