Description

Louis-Philippe period chest of drawers in walnut - XIXe century
Elegant Louis-Philippe period chest of drawers in solid walnut, dating from the XIXe century, featuring the sober, balanced lines characteristic of this timeless style. The front opens with four superimposed drawers, offering beautiful storage space. The drawers are embellished with discreet pull knobs, underlining the elegant simplicity of the cabinet. The walnut has a beautiful grain and a warm, highly sought-after patina. The sides are panelled and the whole rests on a molded plinth with small feet, ensuring stability and good proportions. Note: presence of a crack in the top, old and stable, with no impact on solidity, typical of antique solid wood furniture. Dimensions: Height: 100 cm Width: 125
