Pair Of 19th-century Art Nouveau Bronze Wall Sconces

900 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Description

Magnificent Art Nouveau sconces, with bronze feet and elaborate plant scrolls, typical of Art Nouveau; curling stems with acanthus leaf motifs, very organic. The globes are made of opal glass molded in the shape of a flame. This frosted "flamed" effect is characteristic of Schneider-style glassmaking of the period .
