Description

Rolling sideboard model 44 in rosewood by Niels Otto Møller, Denmark, 1960s. Rare and elegant model 44 trolley designed by Niels Otto Møller, crafted in rosewood, a precious species highly sought after for its rich veining and depth of hue. The upper shelf, with its subtly raised contours, forms an integrated gallery that is both aesthetically pleasing and functional. The lower shelf provides practical storage space, while also contributing to the visual balance of the whole. The structure, with its lines of grain, is a perfect complement to this gallery. The structure, with its fine, perfectly mastered lines, bears witness to the exceptional craftsmanship of Danish design in the 1960s. Castors allow for great mobility, making this piece ideal as a sideboard, occasional table or mobile bar. The palisander wood presents a
