Description

Oil painting on cardboard depicting a country scene, a path with a village in the distance, dated 5-1-93 in the lower left corner, in the style of Delleani. The brushstrokes are very dense, as was customary for the famous painter. We do not guarantee that it is by the aforementioned artist, therefore we are selling it as "in the style of Delleani" (1840-1908). It was purchased at an antiques auction from a private individual in the 1980s/1990s and attributed to Delleani. It does not come with a certificate of authenticity. Having said this, I must say that the painting is truly beautiful and well executed. Dimensions with frame: 56.5 x 44 cm, dimensions of the painting: 35.5 x 22.5 cm.
